RACE TRACK, AQUEDUCT, NOV. 4.

—The biggest killing of the year, if not of many years, was made here this afternoon in the last race of the day. Telescope, backed from 100 to 1 down to 5 to 1 at post time, won in a hard drive from Thesplan. A foul was claimed by the rider of the second horse and in an instant the judges' stand was surrounded by a crowd of anxious bettors. The officials refused to allow the claim of foul and the books were forced to pay up.

Telescope was a maiden five-year-old from the stable of W. H. Kraft, and had been especially prepared for this race. As soon as the first betting was posted, the raid on the books was commenced by Mr. Kraft and his friends, and the sharpshooters around the ring were not long in seeing that something was doing. Thousands of dollars were bet on the despised son of Horoscope.

Bad Air in the Subway.

Dr. August Schmitt, of No. 114 East Fifty-seventh street, has discovered by a series of tests that the air in the subway contains an insufficient percentage of oxygen. He has also made the result of his analysis: "The odor, aside from the trace of paint, very closely resembled that of the air in a bedroom where the windows have been closed for several days. It has been breathing for hours with all the windows closed." The atmosphere in the subway smelled like used-up air. The tests were made on the morning of a train bound south for ten minutes. The respiration amounted to 28 per minute. Instead of 18 in normal atmosphere. The tests were made at the following places: at the end of platforms of different subway stations between One Hundred and Third street and City Hall. The gross amount of ventilation in the subway is insufficient. There is not enough oxygen and the low percentage is caused by experts to be unfit for the health of the people.

Complete Denial of the Governor's Statement that the Judge Ruled on Ship Yards Trust While Acting as an Underwriter of Its Stock.

The close of the campaign is bringing out every time-honored election expedient calculated to arouse interest. The Republicans of the State are on the defensive. Knowing this, the Democrats are determined to make a whirlwind finish, striking every blow with the intention of forcing the enemy to put up his guard.

It was reported this afternoon that Abraham Cohen bet \$1,000 against \$500 that the \$20,000 had been lost on the put up by Dexter Rosenheim that day.

more than \$750,000 but made public was curb. One of \$100,000 to \$750,000 on Herrick. According to the information given out Allen, McGraw & Co. took the long end, while A. A. Housman & Co. put up the \$750,000 on Hilgins.

Needham Bros., of No. 20 Broad street, announce that they are authorized to bet \$20,000 to \$150,000 on Judge Herrick.

Odds on Roosevelt carrying New York held at about 3 to 2. Wall street rumor had it that the Democratic had bet the Republicans to a standstill on putting up \$20,000. So far as could be learned there was not a bet of any consequence made during the day that Roosevelt will be elected. Odds on the Presidency result held at 4 to 1 to 5 to 1.

Expert forecasters believe that Herrick bettors will have to offer 2 to 1 to-morrow to get their money placed. The energetic campaign of Judge Herrick and Francis Burton Harrison has alarmed the Republican machine. One of the curb brokers who was talking bet-to-day could not tell the name of the Republican candidate for Lieutenant-Governor.

rick will be elected. All sorts of side propositions are offered by the betting commissioners. Charles H. Marshall offers to bet \$10,000 that Roosevelt will get more than 200 electoral votes and \$10,000 that he will carry New York, New Jersey, Connecticut and Indiana.

The campaign in this State is practically wound up. Judge Parker will close to-morrow at a reception tendered him by the Kings County Democratic Turnout. Tomorrow night, at the old over Manhattan to-morrow night and Sunday afterwards, the State Committee headquarters are deserted and the employees are leaving for their homes to vote.

Final instructions to the 30,000 Democrats who will act as watchers in the up-State polling places were sent out to-day by the State Committee. The Republican practices formerly prevalent in remote polling places in the interior will be stopped this year.

The watchers have been specially instructed to see that they count every Democratic vote after the polls close, and that every voter's name is entered in law specifies that the ballots shall be
